

Mana Ake- Stronger for Tomorrow

13 August 2018

Kia ora

1. Rowan Lockton, DP Somerfield Te Kura Wairepo, has been appointed Acting Team Leader for Mana Ake this term. Her 0.6 role will require her to work with kaimahi and schools. Rowan is an experience SENCO and part of the Kahukura SENCO team working on Mana Ake systems for the cluster. She has also been a RTLB for many years.

2. We have added some documents to the Mana Ake googlefolder. They are a googleform that clusters could use as a referral to Mana Ake if you are using a triage system and a Preparing to implement flow chart.

If you would like access to the folder please email me and if you have anything to add for others to look at , email them to me.
