

Mana Ake- Stronger for Tomorrow

## IMPORTANT MESSAGE

Kia ora Whanau

From now on All Mana Ake messages I send through will be archived on CPPA website so you can access the information when you need it.

Some important key messages

### Learning Support/ Mana Ake.

- Those who attended the CPPA Breakfast last term would have seen how the new Learning Support and Wellbeing networks( Mana Ake ) link . Check out the key messages about Learning Support and Mana Ake **attached**. Clusters in Phases 1,2,3 of the Mana Ake project will have already been told about this or will be about to. As other clusters come onto the Mana Ake project you will get information about the new Learning Support. If you would like further information contact Susan Schneideman. - 

### Mana Ake

- There have been several conversations about the equity of the resource in terms of where the greatest need is. The Mana Ake resource has initially been allocated on a population basis in the first instance- as the initiative progresses, it may be necessary to redistribute the resource to better reflect the needs of clusters. This will be an evolving process over time as data is assessed.
- **Attached** is the Mana Ake Kaimahi job description for your reference
